Name : Khushal Agarwal

Section : A

RollNo. : 30

Experiment – 17

AIM : Write a shell script to input two strings from the user and find the occurrences of string2 in string 1.
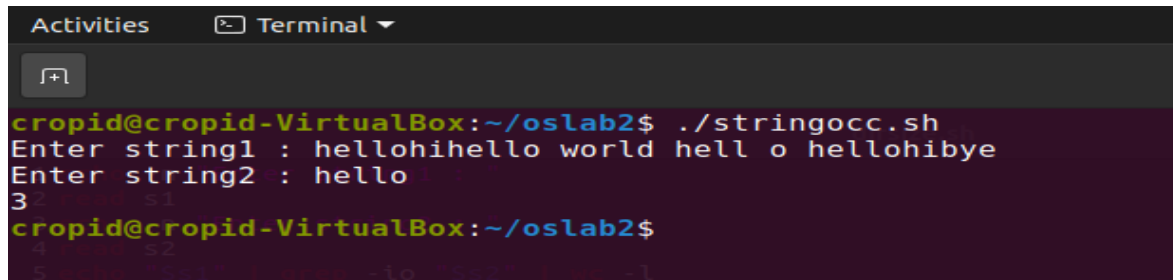

ShellScript :

echo -n "Enter string1 : "

read s1

echo -n "Enter string2 : "

read s2

echo "$s1" | grep -io "$s2" | wc –l
