Name : Khushal Agarwal

Section : A

RollNo. : 30

Experiment – 14

AIM : Write a shell script to input two strings from the user and determine whether they are same or not.

ShellScript :

echo -n "Enter string1 : "

read s1

echo -n "Enter string2 : "

read s2

if ["$s1" = "$s2"]
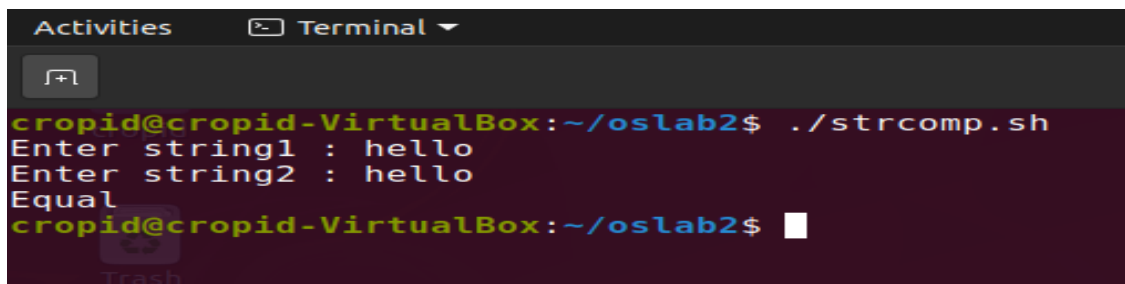

then

echo "Equal"

else

echo "Not Equal"
